Chibang Tao

Northwestern Polytechnical University | School of Computer Science
tcb@mail.nwpu.edu.cn | github.com/cybertime-cs | cybertime-cs.github.io

Education

Northwestern Polytechnical University - Computer Science and Technology — Expected July 2028
GPA: **3.98/4.1** | Rank: **3/175** (Top 1.71%) | CET-6: 565
Research interests: VLA, WAM, multimodal perception, and large language models.

Honors & Scholarships

Yanbao Scholarship (2025-2026 academic year) — 2026
0.3% recipient rate; sole recipient in the School of Computer Science that year.
National Scholarship (2024-2025 and 2025-2026 academic years) — 2025, 2026
University First-class Scholarship (2024-2025 and 2025-2026) — 2025, 2026

Research Paper

DyQ-VLA: Temporal-Dynamic-Aware Quantization for Embodied Vision-Language-Action Models
Zihao Zheng, Hangyu Cao, **Chibang Tao**, Zhihao Mao, Lingyue Zhang, Maoliang Li, Jiayu Chen, Hailong Zou, Xuanzhe Liu, Donggang Cao, Hong Mei, Xiang Chen.
Under review at ICLR 2027 | arXiv:2603.07904

Research & Project Experience

ASLP Speech Laboratory | Research Intern
Contributed to speech-data testing and SeedAudio pipelines; studied and applied deep learning methods.

Dancing Robotics Group | Software Team Member
Deployed vision, speech and rhythm modules with OpenCV, Vosk and Whisper. Co-developed servo debugging tools; related team work received two software copyright registrations.

LoRA Fine-tuning of Qwen3.5-0.8B
Implemented environment setup, data loading and training scripts; tracked training loss and accuracy.

YOLOv8 Object Detection for Robotics
Collected, cleaned and annotated everyday-object images, split training/validation sets, and contributed to training and tuning.

Competition Awards

RoboCup China Finals / Dance Performance: National Grand Prize · Champion — 2026
RoboCup China Finals / Dance Creativity: National Grand Prize · Runner-up — 2026
RoboCup China Special Competition / Dance Performance: National Grand Prize · Third Place — 2026
RoboCup China Special Competition / Dance Performance: National Third Prize — 2025
RAICOM Robotics Design: Provincial First Prize — 2026
3D Digital Modeling: Provincial Special Prize — 2026
Mathematical Contest in Modeling: Honorable Mention — 2026
Northwestern Polytechnical University Mathematics: University First Prize — 2026

Skills

Programming: C/C++, Python, Java; Codeforces 1400+ (Specialist).
